

Mission Statement

In partnership with the community, the mission of the St. Louis Park Early Education Program is to reach, teach and support all young children and their families as they create the foundation for a lifetime of success and learning.

Early Childhood Plan

Values

- We value that the entire community has the responsibility to nurture, develop and educate all young children and their families.
- We value the development of respect for self and others through positive relationships and interactions with peers and other families.
- We value safe, welcoming, barrier free opportunities for young children and their families.
- We value that parents and families are their child's first and most significant teachers.
- We value programs that honor each young child's unique and individual development.
- We value and celebrate the diversity of young children and their families.

Objectives

- 100% of the young children will be prepared to succeed throughout their early education experience.
- 100% of the parents and families of young children will have the knowledge, skills, and confidence to prepare their child to be successful.

Strategies

- We will implement a plan to serve all parents and families of young children.
- We will design a plan to promote all school district Early Education Programs.
- We will implement a plan for all early childhood providers to collaborate on resources and expertise.
- We will ensure that all young children are involved in an education, recreation, enrichment, social and /or childcare program.
- We will develop and implement a long-range financial plan for all early education programs
