What is AMPLIFY?

AMPLIFY is an additional network of practitioners available to you and your dependents if you are signed up for the District's Insurance Plan A or B. In order to use AMPLIFY, you must be enrolled in one of the district's healthcare plans.

When you use the AMPLIFY network, your deductibles, coinsurance and copays are waived and you can stretch your Flex and VEBA dollars further. This also allows you to save more for your retirement.

Get the care you need, when you need it, without worrying that a large bill will follow. You no longer need to delay care until you've met your deductible.

Real Prices.

AMPLIFY practitioners set their own prices for healthcare, and they are dramatically lower than standard contracted rates from an insurance company. This saves the plan money. Because of those savings, they are willing to pay 100% of the bill when you see an AMPLIFY practitioner.

Real Choices.

You choose the practitioners you want to see at the location, date and time that works for you.

Real Care.

Real care decisions are made between you and your practitioner. There is no insurance company or other third-party operating in the middle, denying care or delaying procedures for administrative reasons.
